

## Eletta Explore ECAM450.65.S Fully Automatic Coffee Machine

### ECAM450.65.S

The New De'Longhi Eletta Explore automatic coffee maker offers 50+ hot, cold and Cold Brew drinks for you to discover.

Enjoy automatic hot milk foam thanks to LatteCrema Hot Technology\*, and refreshing cold and Cold Brew coffee drinks with LatteCrema Cool\* and Cold Extraction Technologies, at home or on the go with the handy To-Go function.

#### Summary:

- ☐ LatteCrema Hot and Cool Technologies for automatic hot and cold milk foam
- ☐ Cold Extraction Technology for the most refreshing Cold Brew drinks in under 5 minutes
- ☐ 3.5" TFT display with coloured touch icons
- ☐ Bean Adapt Technology automatically adjusts machine settings for each coffee type to ensure the ideal coffee extraction
- ☐ Wi-Fi connectivity and mobile App
- ☐ Automatic To-Go system for mugs up to 16cm

#### Key Features:

- Easy Cleaning – The removable drip tray and milk carafes are dishwares safe for easy cleaning, ensuring the utmost hygiene at all times.
- Intuitive colour display – With a colourful 3.5” TFT display and soft touch control, exploring and selecting the perfect coffee has never been so easy and intuitive.
- Coffee Link App – Everything you need at your fingertips. With Coffee Link App you can easily access your coffee experiences remotely : set your coffee extraction parameter with bean adapt technology, control and care about your machine, discover and replicate 100+ creative recipes and have access to additional content on the coffee world.
- Take your drinks to-go - The new To- Go functional knows how to fill your favourite mug-to-go perfectly and with three main sizes of coffee drink to choose from, you can take your coffee drinks wherever your day takes you.
- Cold Extraction Technology - Brewing Cold Brew coffees at home is now possible in under 5 minutes. The exclusive Cold Extraction Technology transforms your favourite beans, grinding and tamping them automatically, and then infusing the coffee dose with room temperature water at very low pressure, extracting all the coffee flavour nuances into a great cup of Cold Brew. The Cold Extraction Technology automatically brews lighter and more refreshing cold brew drinks on demand, that are even better if served with ice.
- Milk system – LatteCrema Hot & Cool Technology
- Cup holder - Stainless steel
- Twin Shot – Yes

□ Colour – Silver

□ Finishing – Painted plastic with metal parts
